## The OKI B412dn Mono Printer

A4

PCL

Auto Duplex Print

**B412dn (EURO) 45762002**  
**B412dn (2AC) 45858301**

### B412 with 2<sup>nd</sup> paper tray

- USB 2.0 and Gigabit Network
- Wireless Interface option
- Auto Feed 100 sheet MPT tray
- 250 sheet paper tray

- 530 sheet 2<sup>nd</sup> tray option (up to 880 sheets)

### Environmental Credentials

**Eco mode saves time and energy** by automatically adjusts print speed and fuser temperature to reduce warm-up time and power consumption to deliver 1 or 2 page print jobs faster than the time taken to run the unit at full speed  
**1.4Watt Deep Sleep** mode and super fast recovery time saves power without impacting on performance  
**Auto-Off** feature delivers big power savings over product life.

Powerful **667MHz** processor and **512MB** RAM deliver fast job processing

**3GB eMMC memory** stores secure print jobs, templates and fonts safely even if power is lost.

**Secure Print** function password protects sensitive documents from being printed in the general office.

Google Cloud Print Ready

### B412

- **Affordable, professional A4 mono printing**
- **Desktop design for 1 to 5 users**
- Print speed – 33ppm A4 mono
- Time to first print 5 seconds
- Ultra reliable 1200x1200dpi digital LED print quality
- Powerful 667MHz processor with 512MB RAM and 3GB eMMC memory
- PCL6(XL), PCL5e, IBM ProPrinter & Epson FX, XPS
- 12 types of 1 dimension & 1 type of 2 dimension (PDF417) barcodes
- Auto duplex is standard (60-120gsm)
- 100 sheet, auto feeding MPT tray, A6 to 1.3m banners (60-163gsm)
- 250 sheet universal tray from A6 to 14" legal paper (60-120gsm)
- Optional 530 sheet 2<sup>nd</sup> paper tray (60-120gsm)
- Hi-Speed USB 2.0 and 10/100/1000BaseTX interfaces
- Impressive 60,000 pages per month duty cycle (3,000 Average)
- Highly affordable 3,000 page and 7,000 page toner cartridges
- Compact design (HxWxD) 245 x 387 x 364mm (H = 383mm 2<sup>nd</sup> Tray)
- Environmental features include Eco mode to improves throughput and reduces energy consumption, 1.4W Deep Sleep mode, Auto power Off
- Quiet Mode reduces print speed to lower noise and energy levels
- Secure printing protects confidential documents

### Consumables

# The OKI B721 and B731 Mono Printers

A4 PCL/PS

# OKI

**B721dn (EURO) 45487002**  
**B721dn (2AC) 01334001**

**B731dnw (EURO) 45487102**  
**B731dnw (2AC) 01334101**

- As B721dn with:
- 52ppm
  - Wireless Network
  - High Capacity 36K Print Cartridge

## Example configurations

- 1,160 Sheet Capacity**  
with
- Additional 530 Sheet Tray
  - Castor Base

- 1,690 Sheet Capacity**  
with
- 2 x Additional 530 Sheet Tray
  - Castor Base

- 2,220 Sheet Capacity**  
with
- 3 x Additional 530 Sheet Tray
  - Castor Base

- 3,160 Sheet Capacity**  
with
- 1 x Additional 530 Sheet Tray
  - 2,000 Sheet LCF

## B721 & B731

### Enterprise class mono printers for enhanced efficiency

- **B721** 47ppm; **B731** 52ppm
- First page out time of less than 5 seconds
- Gigabit Ethernet
- Wireless networking - **B731 only**
- 800Mhz processor with 256MB (768MB Max) memory
- Optional 160GB Hard Disk Drive
- 1200 x 1200dpi resolution
- Standard duplex printing (220gsm)
- Standard paper capacity 630 sheets including 100 sheet MPT
- Optional 3 x 530 sheets additional trays
- Maximum 3,160 sheets paper capacity with 2,000 sheet large capacity feeder
- Media weight up to 253gsm from MPT and 220gsm from trays
- 500 sheet output tray capacity
- PCL and PS3 emulations
- Deep sleep mode
- Numeric keyboard to support PIN protected secure print
- Energy Star compliant
- High capacity 36K print cartridge - **B731 only**

## Consumables

Product	Life	Order No.
Starter Toner	10,000	n/a
Print Cartridge	18,000	45488802
Print Cartridge	36,000*	45439002
Maintenance kit	200,000	45435104

Notes: Toner yields are using ISO 19752

\* 36K toner is only for use in B731

## Accessories

- **Additional Paper Trays (45478902)**  
Adds up to three additional paper trays for improved paper flexibility and increased capacity - 530 sheets each tray
- **Castor Base (45478702)**  
Must be fitted for floor standing when using additional paper trays
- **Large Capacity Feeder (LCF) (45530102)**  
Adds additional 2,000 sheet capacity
- **DIMM Memory - 512MB (01182908)**  
Improve processing performance of large print files
- **Hard Disk Drives - 160GB (44622305)**  
For enhanced storage of secure and encrypted print jobs

## The OKI B840 Mono Printer

A3/A4

PCL/PS

### B840dn (EURO) 01308001

(Paper capacity up to 630 sheets)

As B840n with

- Automatic Duplex

As B840dn with

- 2<sup>nd</sup> Tray  
(Total Capacity 1,160 sheets)

With optional 3<sup>rd</sup> paper tray  
(Total paper capacity 1,690 sheets)

### B840

- An A4 printer with added versatility of A3 output
- Brings affordable A3 and A4 printing to the workgroup

- 40ppm A4, 22ppm A3 mono
- First page out time in as little as 5 seconds
- Network standard
- Duplex (105gsm) standard on B840dn and B840dtn
- 530 Sheet Tray & 100 sheet multipurpose tray (MPT).
- Maximum 1,690 sheets from 4 paper sources (when fitted with 2 x optional 530 sheet tray)
- Media weight up to 200gsm from MPT and 176gsm from all other trays
- PCL & PostScript 3 Emulation with 533MHz processor and 128MB memory (640MB Max)
- Deep Sleep Mode (<1.2W)
- 16GB SD card option for job storage and encrypted secure print
- B840dn & B840dtn Energy Star compliant.
- Heavy duty 100,000 pages per month duty cycle (average 20,000 pages)
- Standard 20,000 page print cartridge

### Consumables

Product	Life	Order No.
Starter Toner	6,000	n/a

- **Additional Paper Trays (45479002)**  
 Adds up to three additional paper trays for improved paper flexibility and increased capacity - 530 sheets each tray.  
**Note: Castor Base (45466602) must be fitted with trays**
- **Large Capacity Feeder (LCF) (45393302)**  
 Adds additional 2,000 sheet capacity
- **Data Overwrite Enabler (45518101)** to auto-erase copy, print and scan data;  
**IPsec Enabler (45518401)** to add IPsec encryption technology;  
**Meta Scan Enabler (45518201)** to enable the addition of extra data to scanned images
- **IC Card Readers complete with bracket: Mifare Type (45518601); HID Type (45518501)**  
 Card readers for user authentication
- **Wireless Networking: Wireless kit(45517901); Antenna (45518001)**  
 Add wireless networking – **Note:** Requires Engineer Installation

# The OKI MB700 Series – Accessories Overview

**Large Capacity Feeder**

- 2000 Sheets A4

**Additional Trays**

- 530 Sheets A4
- Castor Base

**Note:** It is recommended that only the base model (without additional trays) is used on a desktop. When used in floor standing configuration, the castor base must be fitted. The castor base includes stability feet (not shown) which must also be fitted.

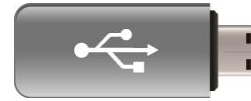

## Data Overwrite Enabler

Automatically overwrites data.  
Data is overwritten immediately following the completion of the copy, print or scan job.

## IPsec Enabler

This optional protocol prevents communication contents from being viewed or tampered with in the communication path when using an application that does not support encryption.

## Meta Scan Enabler

Meta Scan – This is to enable the function of adding meta data to the scanning function. This allows a Meta Scan to control the scan workflow in existing business systems using meta data relating to each document.

## IC Card Readers

- HID
- Mifare

Card Readers automatically log users into the device when a valid card is in the proximity of the reader.

## Wireless Network

Add wireless networking  
**Note:** Requires both the Wireless kit (45517901) & Antenna (45518001) and requires Engineer Installation

**Note:** Other types of access control devices may be able to be used. Please contact OKI for details of compatible devices or to find more information

## MC363 with 2<sup>nd</sup> paper tray

(Up to 880 sheets)

Print from and Scan to smartphones and tablets with **OKI Mobile Print App**

**USB direct Print** from and Scan to

Insert **Optional Wireless LAN** module at the side of the product. **Wireless Direct** offers safe simultaneous connection of wired and wireless networking

Flexible media handling allows printing up to **1.3m long banners**

## MC363dn Print – Copy – Scan – Fax

**Exceptional multifunction A4 colour printer offering outstanding value for money for SMBs**

- Print/Copy speed 26ppm colour, 30ppm mono
- Duplex copy/scan/print
- 1GB RAM memory, 667MHz processor
- Citrix XenApp 7.6 compatible
- Flat paper path gives unrivaled media flexibility with standard office papers A4, A5, A6 etc. and banners up to 1,320mm long

### Improved Connectivity

- AirPrint & Google Cloud Print 2.0
- Gigabit Ethernet
- Wireless Direct – Concurrent Wired and Wireless connection
- Gigabit Ethernet enables fast transfer of large colour files across the network

### Simple to Set up, Use and Own

- New simple Set up
- Firmware update through portal
- Video guidance on cons change
- Quiet mode for small offices

- 35/35ppm (c/m) print speeds
- Large 7" LC D colour touch screen
- 100 Sheet RADF
- Auto duplex print, copy, scan & Fax
- Paper Capacity up to 400 sheets
- Standard integrated offline stapler
- 2<sup>nd</sup> Output Tray

- As MC873dn with 2<sup>nd</sup> tray and Cabinet
- 935 Sheets

- As MC873dn with 2<sup>nd</sup>/3<sup>rd</sup>/4<sup>th</sup> trays and Caster Base
- 2,005 Sheets

MC873 Print – Copy – Scan – Fax	Consumables	Accessories
---------------------------------	-------------	-------------

- Advanced functionality, versatility and document workflow integration for the larger workgroup**
  - Print/Copy speed 35ppm colour/mono (20ppm - A3)
  - Simple to use and fully customisable 7" LCD Colour touch screen display
  - Compact, fully featured A3 colour MFP delivering superb value for money
- Print**
- PCL6, PCL5c, PostScript 3 emulations and encrypted secure print as standard
  - ProQ2400 Multi-level technology with High Definition Toner
  - Auto sensing multi-purpose tray for printing a wide variety of media sizes and weights, from A6 to 1.3m long banners and up to 256gsm.
- Copy**
- Fast, high quality colour copying with a first copy out time of just 10 seconds
  - Job macro function enables the user to programme frequently used copy settings for fast, one touch access
- Scan**
- Scan to E-Mail (Full LDAP support), local PC, Network and USB (Front)
  - Scan to PDF, TIFF, JPEG and XPS with high compression to reduce file size
- Fax**
- Super G3 33.6kbps modem with 1,000 speed dials, 32 group dials
  - Block junk faxes and store and view incoming faxes on 7" display

- Option Tray (45887302)**  
Add an additional paper tray for improved flexibility and increased capacity – each tray holds 535 sheets. **For use with dn and dnct models only (maximum 3 trays in total - 2,005 sheets)**
- Cabinet (45893702)**  
For safe and attractive positioning of the MC873 anywhere in the office providing paper and consumable storage
- Caster Base (45889502)**  
Together with option trays the caster base will transform dn configurations in to an easily maneuverable free standing unit.
- Wireless LAN Module (45830202)**  
Make positioning and sharing easy with Wireless interfacing

## OKI SIDM Printer Range Guide

## The OKI ML1120eco Dot Matrix Printer

**ML1120eco (EURO) 43471831**  
**ML1120eco (2AC) 01329901**

- 80 Column

- ➔ Top FEED  
Single cut-sheet paper
- ➔ Rear FEED  
Continuous paper
- ➔ Bottom FEED  
Continuous paper

### Applications Table

<b>Printing multi-part invoices, picking lists and receipts</b>	Printing on multi-part (up to 5 parts) paper to provide copies for picking lists, invoicing, record keeping and dispatch with goods. Using either bottom or rear feed, continuous forms tractor paper.
<b>Data recording and listings</b>	Reliable, accurate printing of data output from control and monitoring systems. On single or multipart continuous forms paper, using bottom or rear tractor feed.
<b>Printing pre-printed letter head paper &amp; forms</b>	Top feeding (friction feed) and printing of pre-printed forms or letters (single sheet or multi-part paper).
<b>Labels printing</b>	Rear feed possible with good quality labels. Bottom feed recommended for a straight paper path with the tractor in top position.

### ML1120

- **Easily accommodated in the smallest of spaces the ML1120 quickly delivers high quality multi-part documents with ease**
- **An low cost, highly reliable light duty 9-pin printing solution, perfect for many listing and point of sales applications**

- 9-Pin printer with a Graphics resolution up to 240 x 216dpi
- Maximum print speed of 375cps in High Speed Draft (10cpi)
- Fastest NLQ print speed 62.5cps (10cpi)
- Small footprint (slightly larger than A4 paper) 150 x 349 x 232mm (HxWxD)
- Number of copies 5 (original plus 4 copies)
- Printer Emulations - Epson LX, IBM Graphics and OKI Microline
- Resident fonts: SSD, HSD, Utility, NLQ & Barcodes
- Auto paper load, paper park & low tear-off as standard
- Highly versatile paper handling - top friction and bottom/rear tractor feeds
- Interchangeable tractor unit – top position for bottom pull feed and rear position for rear push feed.
- First printable line (from top of page to centre of character) is 2.12mm for cut sheet and 2.12mm for continuous form paper
- USB, Parallel and RS232 interfaces as standard
- Ribbon Life 4 Million characters
- Robust 400 Million strokes per wire print head
- Mean Time Between Failures (MTBF) 10,000 hours

→ Bottom FEED  
Continuous paper

## Applications Table

<b>Printing pre-printed letter head paper, tickets, cheques &amp; forms</b>	Top feeding (friction feed) forms or individual sheets of letter headed paper or pre-perforated continuous tickets or labels. (Single sheet or multi-part paper)
<b>Invoices, dispatch notes and receipts</b>	Either bottom or rear platen pin feeding of full width continuous multi-part paper
<b>Labels printing</b>	Rear feed possible with good quality labels. Bottom feed recommended for a straight paper path. Opt. pull tractor required.
<b>Passenger lists or call logs</b>	Continuous roll paper can be friction feed through the printer and torn to length. Opt. Roll Paper Stand required

**ML280 Elite DC** For printing any of the above in remote or mobile applications in cars, lorries or ships

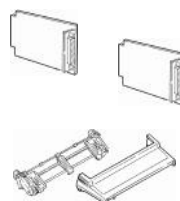

## ML280 Elite

- **Compact low-profile printer that's ideal for under counter positioning in point of sale and workstation applications**
- **For medium duty applications in environments with extremes of temperature, humidity and high levels of dust**

- 9-Pin printer with a Graphics resolution up to 240 x 216dpi
- Maximum print speed of 375cps (12cpi) in super speed draft
- Fastest NLQ print speed 62.5cps (all cpi)
- Carriage width 80 columns at 10cpi
- Number of copies 4 (original plus 3 copies)
- Printer Emulation OKI MicroLine (ML), Epson LX and IBM Graphics
- Resident fonts: Utility, High Speed Draft, NLQ and Barcodes
- Auto paper load, Platen pin feed and low tear-off as standard
- Highly versatile top, bottom and rear paper feeds
- First printable line (from top of page) is 15mm for cut sheet paper and 16.9mm for continuous form paper
- USB and Parallel interfaces as standard
- Ribbon Life 3 Million characters
- Robust 200 Million character print head
- Mean Time Between Failures (MTBF) 20,000 hours

### ML3320/1eco

- **Reliable, fast and environmentally friendly 9-pin printers that deliver superb value for money**
- **They are fast, reliable and easy to use and with barcode printing as standard they make the ideal printer for customer service points in wholesale, retail and service environments.**

- 9-Pin printer with a graphics resolution up to 240 x 216dpi
- Eco-friendly technology saves energy, "Sleep mode" consumes just 1.5W
- Maximum print speed of 435cps (12cpi) in super speed draft
- Fastest NLQ print speed 73cps (12/10cpi)
- Carriage widths 80 or 136 columns at 10cpi
- Number of copies 5 (original plus 4 copies)
- Printer Emulation Epson FX, IBM ProPrinter, OKI MicroLine (ML)
- Resident fonts: Utility, High Speed Draft, NLQ-Courier (Scalable), NLQ-Gothic (Scalable) OCR-B and Barcodes
- Auto paper load, paper park, rear push tractor & low tear-off
- Highly versatile top, bottom and rear paper feeds
- First printable line (from top of page) is 0.5mm for both cut sheet paper and continuous form paper
- USB and Parallel interfaces as standard
- Optional Network and RS232 interfaces
- Robust 200 Million character print head
- Mean Time Between Failures (MTBF) 10,000 hours

### ML5720/1eco

- **High duty, high performance 9-pin dot matrix printers with truly versatile paper handling, low running costs and low energy usage.**
- **Super fast print speeds, throughput and the ability to manage heavy medias make them perfect for printing multi-part invoices, picking lists, spreadsheets, labels and barcodes.**

- 9-Pin printer with a graphics resolution up to 240 x 216dpi
- Maximum print speed of 700cps (12cpi) in Super Speed Draft
- Near Letter Quality (NLQ) print speed 113cps (10, 12 & 15cpi)
- Carriage widths 80 or 136 columns at 10cpi
- Maximum number of copies up to 7 parts
- Printer Emulation OKI MicroLine, Epson FX ESC/P, IBM Graphics/ProPrinter
- Resident fonts: Super Speed Draft, High Speed Draft, NLQ-Courier (Scalable), NLQ-Gothic (Scalable) OCR-B and Barcodes
- Auto paper load, paper park & low tear-off as standard
- Versatile top (friction), front (friction/tractor) bottom & rear feed (tractor)
- Interchangeable tractor unit – front push or rear push positions.
- First printable line (from top of page) is 0.5mm for cut sheet paper and 2.12mm for continuous form paper
- USB/Parallel interfaces as standard - Optional Network & RS232 interfaces
- Long life 400 Million character print head
- Mean Time Between Failures (MTBF) 25,000 hours
- Low power consumption 52W Draft printing and 1.5W in Sleep mode

<b>Reports</b>	Either front or rear feed continuous paper for super fast overnight printing of reports
<b>Printing multi-part invoices, picking lists, shipping &amp; export documents.</b>	Either bottom or rear feed multi-part paper up to 8 copies to provide picking lists, copies for dispatch with goods, invoicing and record keeping.
<b>Continuous feed ticket &amp; cheque printing</b>	Bottom feed for a straight paper path (prevent snagging) of pre-perforated ticket or label paper. Opt. tractor unit required.
<b>Continuous feed label printing</b>	Bottom feed for a straight paper path (prevent peeling) of pre cut labels using a top pull tractor or bottom power tractor

### ML3410

- **A workhorse, the ML3410 is a powerful, fast and very robust heavy duty printer built to handle the most data-intensive applications**
- **Powerful motors a robust construction and high impact print head make it perfect for printing large volumes of invoices, picking lists, shipping notes, export documents on up to 8 part multi-part paper.**

- 9-Pin printer with a graphics resolution up to 240 x 216dpi
- Maximum print speed of 550cps (10/12cpi) in high speed draft
- Fastest NLQ print speed 104cps (All cpi)
- Carriage width is 136 columns at 10cpi
- Number of copies 8 (original plus 7 copies)
- Printer Emulation MicroLine/Pacemark or Epson FX, IBM ProPrinter XL
- Resident fonts: Utility, High Speed Draft, NLQ-Courier, NLQ-Gothic, OCR-B and Barcodes
- Auto paper load, paper park, rear push tractor & low tear-off
- Highly versatile top, bottom and rear paper feeds (Power push tractor Opt)
- First printable line (from top of page) is 2.12mm for cut sheet and continuous form paper
- Parallel and RS232 interfaces as standard
- Optional pull tractor & bottom power push tractor for feeding heavy paper
- Robust 200 Million character print head
- Mean Time Between Failures (MTBF) 8,000 hours

## The OKI ML4410 Dot Matrix Printer

### ML4410 (MULTI) 00111601

- ML, IBM and Epson Emulations
- 136 Column

The ML4410 utilises an 18-pin print head working as a 9-pin device

- ➔ Front FEED Continuous paper
- ➔ Rear FEED Continuous paper

### Applications Table

<b>Reports</b>	Either front or rear feed continuous paper for super fast overnight printing of reports
<b>Picking lists, dispatch notes, invoices and receipts</b>	Either front or rear feed continuous multi-part paper up to 10 parts to provide picking lists, copies for dispatch with goods, invoicing and record keeping. Pre printed multipart forms can be printed very fast and in large numbers for invoicing or receipt printing.
<b>Fast, high volume printing of product or address labels and bill printing</b>	Either front or rear feed continuous roll labels or bill printing can be done using different size labels or standard 80 column listing paper.

### ML4410

- **Robust, heavy duty listing printer that's built to power through multi-part listings at super fast speeds with complete confidence**
- **Heavy duty performance, robust build and extremely durable the ML4410 is designed to printing large volumes of invoices, dispatch notes and listings on continuous multi-part paper up to 10 parts.**
- 18-Pin printer (2 x 9pin) with a graphics resolution up to 240 x 216dpi
- Maximum print speed of 1066cps (All cpi) in high speed draft
- Fastest NLQ print speed 200cps (All cpi)
- Carriage width is 136 columns at 10cpi
- Number of copies 10 (Front Feed) and 6 (Rear Feed)
- Printer Emulation MicroLine, Epson FX and IBM ProPrinter
- Resident fonts: Utility, High Speed Draft, NLQ-Courier (Scalable), NLQ-Gothic (Scalable), OCR-B and Barcodes
- Auto paper load, paper park, rear push tractor, front push tractor, Auto bail arm, Auto Head Gap with software selectable paper paths and low tear-off
- First printable line (from top of page) is 8.9mm continuous form paper
- Parallel and RS232 interfaces as standard
- Optional purpose built stand / cabinet with paper storage and output tray
- Robust 400 Million character print head
- Mean Time Between Failures (MTBF) 12,000 hours

### Accessories

- **Stand / Cabinet (09002725)**  
Dedicated stand / cabinet with paper storage and output tray
- **OKILAN 7130e Network Card (45268706)**  
The HSP Adaptor required to install this interface
- **HSP7130-ADP-ML4410 Adaptor (41139810)**  
For use with OKILAN 7130e Network Card only

## The OKI ML1190eco Dot Matrix Printer

**ML1190eco (EURO) 43516922**  
**ML1190eco (2AC) 01330001**

- 80 Column

- Top FEED  
Single cut-sheet paper
- Rear FEED  
Continuous paper
- Bottom FEED  
Continuous paper

### Applications Table

<b>Printing multi-part invoices, picking lists and receipts</b>	Printing on multi-part (up to 5 parts) paper to provide copies for picking lists, invoicing, record keeping and dispatch with goods. Using either bottom or rear feed, continuous forms tractor paper.
<b>Data recording and listings</b>	Reliable, accurate printing of data output from control and monitoring systems. On single or multipart continuous forms paper, using bottom or rear tractor feed.
<b>Printing pre-printed letter head paper &amp; forms</b>	Top feeding (friction feed) and printing of pre-printed forms or letters (single sheet or multi-part paper).
<b>Labels printing</b>	Rear feed possible with good quality labels. Bottom feed recommended for a straight paper path with the tractor in top position.

### ML1190

- **Easily accommodated in the smallest of spaces the ML1190 quickly delivers high quality multi-part documents with ease**
- **An efficient and cost effective light duty printing solution, perfect for many listing and point of sales applications**

- 24-Pin printer with a Graphics resolution up to 360 x 360dpi
- Maximum print speed of 333cps in High Speed Draft (10cpi)
- Fastest LQ print speed 83cps (10cpi)
- Small footprint (slightly larger than A4 paper) 150 x 349 x 232mm (HxWxD)
- Number of copies 5 (original plus 4 copies)
- Printer Emulations - Epson LQ, IBM PPR or IBM AGM
- Resident fonts: Utility, HSD, Courier (Scalable), Roman (Scalable), Swiss, Swiss Bold, Prestige, Gothic, Orator, OCR-A, OCR-B & Barcodes
- Auto paper load, paper park & low tear-off as standard
- Highly versatile paper handling - top friction and bottom/rear tractor feeds
- Interchangeable tractor unit – top position for bottom pull feed and rear position for rear push feed.
- First printable line (from top of page to centre of character) is 2.12mm for cut sheet and 2.12mm for continuous form paper
- USB, Parallel and RS232 interfaces as standard
- Ribbon Life 4 Million characters
- Robust 400 Million strokes per wire print head
- Mean Time Between Failures (MTBF) 10,000 hours

- Bottom FEED  
Continuous paper

### Applications Table

<b>Printing pre-printed letter head paper, and forms</b>	Top feeding (friction feed) forms or individual sheets of letter headed paper (Single sheet or multi-part paper)
<b>Reports</b>	Either front or rear feed continuous paper for super fast overnight printing of reports
<b>Printing multi-part invoices, picking lists and receipts.</b>	Either bottom or rear feed multi-part paper up to 5 copies to provide picking lists, copies for dispatch with goods, invoicing and record keeping.
<b>Continuous feed label, ticket &amp; cheque printing</b>	Bottom feed for a straight paper path (prevent snagging) of pre-perforated ticket or label paper. Opt. tractor unit required.
<b>Passenger lists or call logs (Normally ML3390eco only)</b>	Continuous roll paper can be friction feed through the printer and torn to length. Opt. Roll Paper Stand required

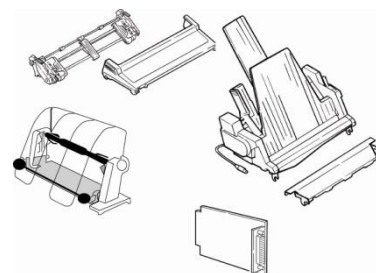

### ML3390/1eco

- **Fast, reliable and eco-friendly 24-pin printers that deliver real value for money**
- **They are fast, reliable and easy to use with a comprehensive range of fonts and barcode as standard they are perfect for printing dispatch notes, invoices and statements at the highest quality.**

- 24-Pin printer with a graphics resolution up to 360 x 360dpi
- Eco-friendly technology saves energy, "Sleep mode" consumes just 1.5W
- Maximum print speed of 390cps (15cpi) in utility
- Fastest LQ print speed 104/87cps (12/10cpi)
- Carriage widths 80 or 136 columns at 10cpi
- Number of copies 5 (original plus 4 copies)
- Printer Emulation Epson LQ Esc/P2, IBM ProPrinter X24/XL24
- Resident fonts: Utility, Courier (Scalable), Roman (Scalable), Swiss (Scalable), Prestige, Gothic, Swiss Bold, Orator, OCR-A, OCR-B & Barcodes
- Auto paper load, paper park, rear push tractor & low tear-off
- Highly versatile top, bottom and rear paper feeds
- First printable line (from top of page) is 0.5mm for both cut sheet paper and continuous form paper
- USB and Parallel interfaces as standard
- Optional Network and RS232 interfaces
- Robust 200 Million character print head
- Mean Time Between Failures (MTBF) 10,000 hours

### Applications Table

<b>Printing pre-printed letter head paper and forms</b>	Top feeding (friction feed) of pre-printed forms or individual sheets of letter headed paper (single sheet or multi-part paper)
<b>Reports</b>	Either front or rear feed continuous paper for super fast overnight printing of reports
<b>Printing multi-part invoices, picking lists, shipping &amp; export documents.</b>	Either bottom or rear feed multi-part paper up to 8 copies to provide picking lists, copies for dispatch with goods, invoicing and record keeping.
<b>Continuous feed ticket &amp; cheque printing</b>	Bottom feed for a straight paper path (prevent snagging) of pre-perforated ticket or label paper. Opt. tractor unit required.
<b>Continuous feed label printing</b>	Bottom feed for a straight paper path (prevent peeling) of pre cut labels using a top pull tractor or bottom power tractor

### ML395B

- **A Heavy Duty 24-pin printer that's powerful, fast and very robust the ML395 is built to handle the most data-intensive applications**
- **Powerful motors a robust construction and heavy duty 24-pin print head make it perfect for printing large volumes of invoices, picking lists, shipping notes, export documents with superb print quality.**

- 24-Pin printer with a graphics resolution up to 240 x 360dpi
- Maximum print speed of 607cps (15cpi) in high speed draft
- Fastest LQ print speed 162/135cps (12/10cpi)
- Carriage width is 136 columns at 10cpi
- Number of copies 4 (original plus 3 copies)
- Printer emulations: Epson LQ, IBM ProPrinter X24E/X24E AGM
- Resident fonts: Utility, HSD, Courier, Roman, Swiss, Prestige, Gothic, Swiss Bold & Barcodes
- Auto paper load, paper park, rear push tractor & zero tear-off
- Highly versatile top, bottom and rear paper feeds (Power push tractor Opt)
- First printable line (from top of page) is 2.12mm for cut sheet and continuous form paper
- Parallel and RS232 interfaces as standard
- Optional pull tractor & bottom power push tractor for feeding heavy paper
- Robust 200 Million character print head
- Mean Time Between Failures (MTBF) 8,000 hours

### Consumables
